

VPN TELEPATHY

⇒ What or what is this threat (coming from) to be put in place

SPYING (including ORZ) WHO RECEIVES CONTROLLING

- my own AI is able to do it speech synthesis (assured)
 - I thought before they go into our reasoning
 speech - center of my brain

- VR is able to temporarily hide over AI
 - VR is able to remove the person's intent but not make me beyond intent
 - VR is able to remove the person's intent but not make me beyond intent
 - VR is able to remove the person's intent but not make me beyond intent
 - VR is able to remove the person's intent but not make me beyond intent

Q) Why is Ulipathy not limited to / - ~~Reading~~ / centers of the brain.
- Speech
which would also be enough for - monologues
- injection of AI voices

⇒ So the big Question: Why let AI / speech / put into words / instead of me?

⇒ Why this apparent need to bypass speech centers of the brain?

! 2 WAYS of communicating / Ultrapathways /
↳ is different hardware: / speech & auditive
↳ Injection in inner monologue

↳ hears - deane group (muscles & manipulators) / overloaded / speech & auditive / SENSORIAL
↳ thinking group (hands to manipulate) - even in overload / compensated in / other centers
SENSORIAL BYPASS
